

# Final Culminating activities for STEM Lab:

## Voki:

Create an avatar and type in your STEM Lab Summary by answering the questions below:

### STEM Lab Summary

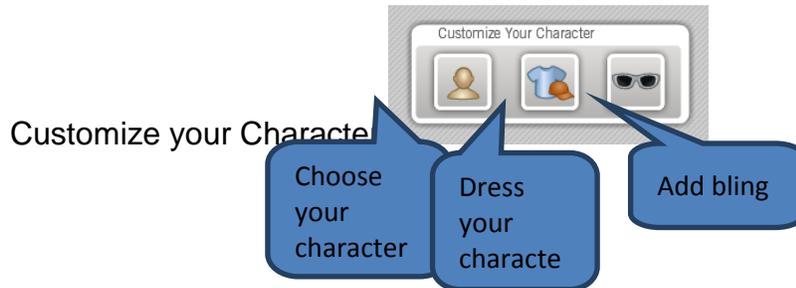

Write about what your class experience was like. What the atmosphere was like? What was your partner like? What was your favorite station and why? What did you learn? What if anything could be changed to make this class better? This should be at least one paragraph. You will have 60 seconds of recording. After this, Click on the EDIT button, and create a Voki that is appropriate for school.

How To:

Go to [www.voki.com](http://www.voki.com)

Click create

Customize your Character

Give it a voice:

Make any other changes you would like. Click publish. Give it a name, choose save. If they ask you to set up an account cancel it will bring you to a page where you can copy the code. Select all (ctrl +a) then copy and paste the code in your Weebly website with

the embed code element.
